

EWING CHRISTIAN COLLEGE PRAYAGRAJ

A CHRISTIAN MINORITY AUTONOMOUS CONSTITUENT PG COLLEGE OF ALLAHABAD UNIVERSITY

COLLEGE PROSPECTUS

2025 - 2026

ADMISSION PROGRAMME FOR SESSION 2025-26

(For any query, please visit College Admission Portal on

College Official Website: <https://www.ecc.ac.in>)

1. Student seeking admission in Ewing Christian College on the basis of CUET - 2025 score (B.A., B. Sc., B. Com. & BCA). (The dates for admission through CUET -2025 Score will be declared later on the College Official Website: www.ecc.ac.in).
2. The College will conduct its own Entrance Test/Personal Interview only for the following Self-Financed Courses: **B.Ed., Diploma in Laboratory Technology (DLT) and all PG Courses (M.A. & M.Sc.)**. Candidates who wish to apply can fill **ONLINE APPLICATION FORM** through College Admission Portal available on College Official Website: <http://www.ecc.ac.in>.
3. If the National Education Policy (NEP) is brought into effect by the University of Allahabad, certain changes in the Course Structure and Fee Structurer will be implemented.
4. Rights to Admission remains with Admission Committee of the College.

ADMISSION PROGRAMME FOR B.ED., D.L.T. & PG (M.A. / M. Sc.) COURSES

S. NO.	PARTICULARS	DATES
1	Filling of Online Admission Form for B. Ed., D.L.T. and PG Courses (M.A. / M. Sc.)	06.08.2025
2	Last Date for Filling of Admission Form for B. Ed., D.L.T. and PG Courses (M.A. / M. Sc.) without Late Fee	23.08.2025
3	Filling of Admission Form for B. Ed., D.L.T. and PG Courses (M.A. / M. Sc.) with Late Fee of Rs. 500.00	24.08.2025 Onwards
4	Date of Entrance Test for Admission in B. Ed. & D.L.T. Courses	To be Announced Later
5	Declaration of Entrance Test Result of B. Ed. & D.L.T. Courses	To be Announced Later
6	Admission and Online Fee Submission of All Selected Candidates of B. Ed. & D.L.T. Courses	To be Announced Later
7	Date of Document Verification of All Admitted Students of B. Ed. & D.L.T. Courses	To be Announced Later
8	Admission and Online Fee Submission of Waitlisted Candidates of B. Ed. & D.L.T. Courses	To be Announced Later
9	Date, Time & Venue of Induction Assembly of B. Ed. & D.L.T. Courses	To be Announced Later
10	Date of Commencement of Classes of B. Ed. & D.L.T. Courses	To be Announced in Induction Assembly
11	Declaration of Subject wise list of all Selected PG applicants for Personal Interview	
12	Date of Personal Interview for Selected Candidates for Admission in PG Courses (M.A. / M. Sc.)	To be Announced Later
13	Admission and Online Fee Submission for Selected Candidates for Admission in PG Courses (M.A. / M. Sc.)	To be Announced Later
14	Date of Document Verification of All Admitted Students of PG Courses will be declared and conducted by the respective Departments	
15	Date of Induction Assembly will be declared and conducted in Respective Departments	
16	Date of Commencement of Classes will be declared in Induction Assembly	

ONLINE APPLICATION /ADMISSION FORM FEE (NON-REFUNDABLE)

FOR VARIOUS COURSES FOR SESSION

2025-2026

S. No.	COURSES	APPLICATION FORM FEES Without any Late Fee (From 06.08.2025 10:00 AM to 23.08.2025 11:59 PM)	APPLICATION FORM FEES With Rs. 500/- Late Fee (24.08.2025 10:00 AM Onwards)
1	Diploma in Laboratory Technology (DLT)	Rs. 800/=	Rs. 1,300/=
2	B. Ed.	Rs. 1,000/=	Rs. 1,500/=
3	M.A. & M.Sc.	Rs. 1,200/= (One Subject) Rs. 1,500/= (Two Subjects)	Rs. 1,700/= (One Subject) Rs. 2,000/= (Two Subjects)

ENTRANCE TEST SCHEDULE FOR D.L.T. & B. ED.
REPORTING TIME 30 MINUTES BEFORE THE START OF EXAMINATION

Course	Day / Date	Test Timing	
		Paper-I	Paper-II
B. Ed.	To be Announced Later	8:00 am to 11:00 am (For All Candidates)	11:15 am to 11:45 am (Bible Test for Christian Candidates Only)
D.L.T.	To be Announced Later	8:00 am to 10:00 am	-

FOREWORD

Ewing Christian College, Prayagraj (A Christian Minority Institution of the Church of North India), is an Autonomous Constituent Post Graduate College of the University of Allahabad. The College has been taking the right initiative in the direction of improvement in the quality and content of the educational programs, providing general education, professional education and skill based vocational education, within the framework of the semester system and fulfilling the requirements as per the Guidelines of the University Grants Commission and the directives of the Allahabad University.

We are once again geared up for the approaching Academic Session 2025-26 with renewed vigor and encouragement. The College Staff and Management, are working persistently towards improving both teaching and infrastructure. The College regained Postgraduate status in 2016 and is successfully running Postgraduate programs in fourteen departments. It is preparing to launch the ninth PG batch this year.

The College got the required permission from the Allahabad University to enroll Ph. D. students and many of the departments are conducting the research program.

PRINCIPAL

COLLEGE PROFILE

Ewing Christian College was founded in the year 1902. The first Principal was Dr. Arthur H. Ewing. The College Campus is located on the Northern Bank of Jamuna River about 3 Kms. away from Sangam and about 4 Kms. from the Railway Station. The College is a Christian Minority Educational Institution, managed by the Ewing Christian College Society, consisting of the Bishop of Lucknow Diocese of the Church of North India and other Indian Christian representatives.

Since 1994 Ewing Christian College is an autonomous constituent college of the University of Allahabad. The University Grants Commission (UGC) and the University of Allahabad, under the UGC Scheme of Autonomous Colleges have allowed the College to formulate its own courses of studies and evaluate its own students separately. **The Degree is awarded by the University of Allahabad at U.G. and P.G. level.**

Several self-financed vocational courses namely –Electronics, Computer Application, Biotechnology, Microbiology, Biophysics, Physical Education, B. Com. & BCA have been permitted to be run as Degree Programs of the Allahabad University. Several Diploma programs and some compulsory Certificate Programs are also running to impart technical skills to students. The timings of these programs are such so as to enable students of the College to enroll themselves without missing their classes.

Regular attendance (75%) in the class room has been made compulsory and Semester System of teaching and evaluation has been introduced in the College since the academic session 2014-15, based on Choice-Based Credit System (CBCS). Entire College programs, thus, have been oriented towards maintaining high academic standards, acquisition of knowledge, skills and scientific temper rather than merely passing the examinations for a degree. The medium of instruction is mostly English in Science. Teaching in Arts Faculty is done both in English and Hindi.

The large eco-friendly campus, well-equipped laboratories, libraries, prolific gardens, daily Chapel services, games and sports, NCC and NSS and a host of other extra-curricular activities encourage students to develop a spirit of enquiry and enrich their lives meaningfully. A modern Gymnasium, Women Cell with counseling as one of its activities, Student Union and Cafeteria etc. provide excellent Student Support Services. A Branch of Canara Bank is also present in the College Campus.

It is expected that students, seeking admission in this College will take admission, if selected, fully aware of its Minority and Autonomous Status, and will be more interested in acquiring knowledge and skills by regularly attending classes rather than passing the examinations for a Bachelor's or P.G. Degree.

DEPARTMENT PROFILE

Faculty of Arts

Department of Ancient History

Established in 1971, the department enables students to not only realize the existence of geo-cultural diversity, but also to situate the history and culture of ancient India in their proper place in the history and culture of the ancient world. The faculty members have done a commendable work in the field of Historical Archaeology by surveying and exploring more than two dozen sites which were perversely unknown to the scholars.

Faculty and other details of the Department are available on the College website.

Department of Economics

The Department of Economics was established along with the foundation of Ewing Christian College in 1902. Prof. Sam Higgin Bottom a visionary economist and one of the founder members of the college was the first head of the Department of Economics. The department aims to provide the students with theories and tools of economic analysis in major areas of its application and focus on the emerging area of the Indian Economy. It strives to enable the students to understand the principles, theories, and applications of microeconomics, Macroeconomics, Agriculture Economics, Development Economics and to develop multidisciplinary skills among the students to tackle and complex environmental and economic issues.

Faculty and other details of the Department are available on the College website.

Department of Education

Established in 1956, the department aims to prepare the students to serve mankind and to provide them Education which implies development of the body, mind and spirit. The mission of the department is to provide such an environment in which all round development of the students is ensured and they become self-dependent and self-expressive

Faculty and other details of the Department are available on the College website.

Department of English

The Department of English at Ewing Christian College is committed to excellence in literature and cultural studies. Established in 1956 with a vision to promote a comprehensive understanding of English literature, language, and literary criticism, the department offers undergraduate, postgraduate, and Ph.D. programs that cover a wide array of subjects, from classical literature to contemporary works. The curriculum is designed to foster critical thinking, effective communication, and a deep appreciation of literary traditions and innovations.

Faculty and other details of the Department are available on the College website.

Department of Geography

The department aims to enable students to pursue job oriented courses after graduation, in mapping sciences and different areas related to physical environment, which have a high market value as well for higher studies in courses of greater sophistication. The courses adequately cover the requirements of the course in General Studies papers in different competitive Examinations. These dual objective courses are intended to provide both education and training

by combining a series of lectures, which are designed to communicate fundamental theoretical concepts and principles with an equal, or greater, number of laboratory sessions that focus on the acquisition, development and application of specific technical skills related to geography in general and to Cartography and Environmental Geography in particular.

Faculty and other details of the Department are available on the College website.

Department of Hindi

Department of Hindi is committed to develop an academic environment oriented towards rational moral values and composite culture in terms of Hindi language and literature. The courses are designed to prepare the young generation to be well versed in Hindi language and literature and also to develop excellent proficiency in the Hindi language. The department also organizes various competitions, lectures, student seminars, etc. from time to time

Faculty and other details of the Department are available on the College website.

Department of Medieval History

The Department of Medieval History was established in 1956 and since then it aims to provide a comprehensive understanding of the Medieval period, focusing on its political, social, economic, and cultural developments. This includes studying the nature of rule, administrative changes, socio-religious movements, and the evolution of art, architecture, and literature during that era. The department also aims to develop students' historical outlook, critical thinking, and research skills, enabling them to analyze historical events and understand their relevance to contemporary issues.

Faculty and other details of the Department are available on the College website.

Department of Philosophy

The objective of the Department of Philosophy is to provide excellent integrated education to students. The department encourages students to approach education as a lifelong learning process so that they are capable of participating in and understanding the world of the 21st century. The department always tries to provide a suitable environment for implication of knowledge and culture and it challenges students to promote their own intellectual, social, and personal development. The department serves this objective by guiding students to acquire knowledge. The department emphasizes the necessity of critical thinking skill and to recognize the importance of reflecting them in ideas and values. The department foster situations in which students have opportunities to apply their skills both historically orientated and case-based learning techniques.

Faculty and other details of the Department are available on the College website.

Department of Physical Education

Established in the academic year 2016-17, the Department of Physical Education at Ewing Christian College offers students a dynamic platform to excel in sports, fitness and physical education. Through major and minor subjects approach, the department provides comprehensive learning of the theoretical, practical and technical aspects of physical education. Students are encouraged to participate in intramural, zonal, state, and national level sports competitions, allowing them to showcase their talents and achieve all-round development. The department is committed to nurturing interest in physical education as a field of higher study and as a professional career, including guidance for those aspiring to join the armed forces. By organizing and coordinating all sports activities on campus, the department ensures an engaging, holistic, and supportive environment for the students of the college.

Faculty and other details of the Department are available on the College website.

Department of Political Science

Established in 1956, the department is dedicated to understanding and explaining Indian politics in the context of current world and domestic issues. Students study the structure of local governments, state governments, central government, basic concepts and ideologies in politics, international relations, etc. It practices various learning activities such as seminars, group discussions, projects, debate-clubs, study tours, etc. to increase the analytical skills among the students. The department prepares the students to practice an effective democratic citizenship role.

Faculty and other details of the Department are available on the College website.

Department of Psychology

Department of Psychology was established in 1948 by Dr. A.E. Harper and received leaderships by Dr. S.K.V. Liddle, Dr. A.K. Verma, Mr. R.K. Anand and Dr. Sheetla Prasad. The major objectives of the Department are promotion of student's potential by classroom teaching, organizational visit and field exposure. It organizes conferences, seminars and workshops. Department is known to organize various conference related to higher education issues and implicational Psychology.

Faculty and other details of the Department are available on the College website.

Department of Sanskrit

The Department of Sanskrit offers an in-depth knowledge of this Indian classical language and literature. The study of Sanskrit literature aims to develop an integrated awareness of the cultural tradition and philosophical sensitization of India. Apart from its academic workload and activities the department has organized many special lectures and Seminars not only on Conventional issues of Literature, but also in most of the valuable areas of Literature beyond the prescribed syllabus of different courses. Interactions between the students and resource persons and network with various inter-disciplinary domains are always encouraged by the department.

Faculty and other details of the Department are available on the College website.

Department of Urdu

The Department of Urdu was established in August 1974. The Department's aim is to spread awareness about literary and cultural importance and relevance of the Urdu language and literature and culture in India and around the world. It aims to promote the Urdu language as the language known throughout the world. It aims to promote the Urdu language as the language of knowledge, and Urdu literature as the literature values that can withstand the test of time.

Faculty and other details of the Department are available on the College website.

Faculty of Science

Department of Botany

Dr. Winfield Dudgeon, an American missionary and renowned botanist (1912–1922), founded the Department of Botany at Ewing Christian College. In 1919, he was appointed the founding president of the Indian Botanical Society, a recognition of his exceptional expertise. Under his leadership, the department produced many outstanding students who went on to make significant contributions in both academia and various other fields. In 2006-07, the Department of Botany was recognized as one of the Star Departments of the College under its Centre for Potential status.

The department began offering a Master of Science (M.Sc.) in Botany in 2016, followed by a Doctoral (Ph.D.) program in 2019. Both programs have been designed with an updated, dynamic curriculum, ensuring the department's continuous progress. The department offers postgraduate specializations in Applied Molecular Cytogenetics, Applied Microbiology, Plant Ecology, Plant Biotechnology and the **Taxonomy of Angiosperms**.

Students from the department have consistently excelled in competitive exams such as CSIR, GATE, CUET, and other job-oriented exams. There has been a steady increase in students qualifying for prestigious exams like CSIR-JRF NET, SLET, GATE, and state-level TGT and PGT Biological Science/Botany exams. The faculty and research scholars of the department regularly publish research papers in well-regarded national and international journals, known for their high impact factors and extensive citations. This underscores the departments' dedication to advancing botanical research and making significant contributions to the global scientific community.

The department also encourages active student participation in extracurricular activities, organizing events like botanical excursions, the Lacy Memorial Botanical event, lectures from distinguished professors and scientists, seminars, and workshops. These activities not only enhance students' academic experience but also help foster a well-rounded educational environment.

Department established Centre for Biotechnology and Centre for Microbiology from academic session 2016-17 for strengthening of Biological Sciences and Biotechnology education and training at Under graduation and graduation level. Professor Panchanan Maheshwari, (D.Sc., FRS); Professor U N. Chatterjee (D.Sc., FNASc.); Dr. N. L.Pai (D.Sc., FNASc) Professor J. S. Singh (FNA, FNASc., FASc.) have been alumni of this Department. The department has well-furnished lecture theatres, laboratories, library and research labs.

Faculty and other details of the Department are available on the College website.

Centre for Biotechnology

The Centre for Biotechnology was established in 2016 in the Department of Botany.

The Centre has undergraduate courses with a combination of Botany and Chemistry, with 40 sanctioned seats.

The Centre for Biotechnology focuses on empowering the students with the knowledge, skills and trains them in various advanced disciplines of Biotechnology such as Molecular Biology, Genetics, Biochemistry, Immunology, Tissue Culture Techniques, Environmental and Industrial Biotechnology, Microbiology, Recombinant DNA Technology, NanoBiotechnology, Pharmaceutical, Animal Biotechnology and Bioinformatics. This approach nurtures the budding intellects to meet futuristic challenges and develop global competencies in the field of Basic and Applied Biological Sciences.

The Centre is well equipped with spacious, well ventilated and smart lecture rooms, Library with well-curated collected of Books and state-of-the art laboratory facilities.

We stand at the intersection of Biology and Technology, to unlock the potential of living systems for the benefit of overall societal and environmental ramifications of biotechnological applications, adhering to ethical behavior in both professional and research settings.

To transform passive learning into active engagement and making education more meaningful and impactful, students are engaged in project works, which makes them explore complex research areas that are difficult to design and perform in wet lab. It offers several benefits to the students, including enhancing analytical and critical thinking skills, developing strong research and writing abilities, oral presentations, and using visual aids to successfully convey

scientific concepts, experimental results, and research conclusions to audiences that are both scientific and non-scientific.

With the strong emphasis on research, hands – on learning, and overall development of the personality of the student, the department, regularly organizes seminar, training, educational visits, Guest Lectures, competitions etc., that is very important in current scenario.

The curriculum and syllabus is well framed, keeping in mind, the demand of this upcoming and emerging field of biotechnology, so that the students are competitive enough to confidently take up the prestigious exams like IIT JAM, GAT-B, BHU, AIIMS, JNCASR, , JGEEBILS, CUET PG, Delhi Technical University and various private universities and educational centers. This remarkable approach has resulted in increase in the number of qualifying students, every year, and getting enrolled in the prestigious educational centers across India like IIT, AIIMS, MKU, Central University of Punjab, University of Allahabad, BHU, CSIR Labs, Punjab University, centre for DNA Fingerprinting and Diagnostics- Neuro Science and Cell Biology, CSIR-CDRI, JNCASR, Rajiv Gandhi Centre for Biotechnology, IISc Bangalore etc.

The Department is proud to have a diverse and highly qualified team of faculty members with PhD, M. Tech, CSIR NET qualification, passionate about teaching, research and innovations, bringing a wealth of expertise from various domains of Biotechnology.

Faculty and other details of the Department are available on the College website.

Centre for Microbiology

The Centre for Microbiology was established in the Department of Botany during academic session 2016 - 17 with the aim to appraise the students in this applied field of science. It intends to utilize the microbes for sustainable solutions to several global issues, deliver expert microbiological diagnostic services to the public and promote research and development activities in the emerging area of microbiology. Presently Microbiology is running as one of the subject combination in B.Sc. along with Zoology and Botany (BMBZ). The centre is equipped with sufficient laboratory facilities and a well-stocked library, facilitating hands-on learning, innovative research, and skill development. The faculty members are well qualified with profound experience and stay abreast of the latest scientific advancements in microbial biochemistry, genetics, molecular biology, clinical microbiology, and other emerging fields, mentoring students in practical skills and research methodologies. Presently seven batches of students have successfully completed the course and have enrolled in various academic courses in esteemed universities of the country.

Vision:

To be a centre for excellence in microbiology with the aim to produce skilled, technology oriented graduates with updated research aptitude.

Mission:

Our mission is to provide dynamic ambience, expertise leading towards creativity, collaborative research and real world application. We aspire to enable students to enrich themselves in the field of microbiology with applications in human health, agricultural applications, environmental sciences, food and dairy involving the individuals in various industrial sectors.

Faculty and other details of the Department are available on the College website.

Department of Chemistry

Established in 1902 under the visionary leadership of Prof. Prabhu Das, the Department of Chemistry has witnessed remarkable growth in both infrastructure and academic pursuits over the years. Today, the department is headed by Prof. Sharda Sundaram Sanjay and comprises eight full-time faculty members, four guest lecturers, and two laboratory assistants.

In recognition of its academic excellence, the Department of Chemistry was designated as one of the "Star Departments" under the College with Potential for Excellence (CPE) scheme in 2006–07. This prestigious status facilitated significant upgrades to the department's infrastructure, including the establishment of a dedicated Research Wing and an Instrumentation Laboratory. The department also maintains a dedicated library for its postgraduate students, housing a collection of 750 books to support their academic and research needs. Additionally, it enabled the modernization of undergraduate and postgraduate chemical laboratories, as well as all four lecture theatres. These advancements have positioned the department to offer a Ph.D. programme, further strengthening its research credentials.

The department prides itself on maintaining a high standard of classroom teaching, which remains a cornerstone of its educational philosophy. In response to the evolving global landscape and the increasing importance of research, the department has proactively integrated research-oriented activities into its academic framework.

Currently, 14 research scholars are enrolled under the mentorship of the department's highly qualified faculty, contributing to numerous publications in SCI-indexed journals. The department serves around 1,000 students, including approximately 200 from the third year of the B.Sc. programme. To support hands-on learning, the department houses three state-of-the-art chemical laboratories for undergraduate students.

Additionally, a dedicated spectroscopy lab is equipped with advanced instruments, including a Fourier Transform Infrared (FT-IR) Spectrophotometer, UV-Visible Spectrophotometer, and Flame Photometer, ensuring that students gain practical experience with modern analytical techniques.

To foster holistic development and scientific curiosity, the department regularly organizes a variety of academic and co-curricular activities, including:

Guest Lecture Series
One-Day Student Seminars
Industrial Tours
Scientific Competitions
Workshops and Hands-on Training Sessions

With a rich history and a forward-looking approach, the Department of Chemistry continues to nurture scientific minds and contribute meaningfully to the field of chemical sciences.

Faculty and other details of the Department are available on the College website.

Department of Physics

The Department of Physics was established in the year 1966. Dr. N. K. Sur was the founder head of the Department. There are ten teaching posts in the Department. The teaching faculty members are having research expertise in different fields and have indexed journal publications to their credit. Department has modern lecture theatres with multimedia facilities, well equipped laboratories and project room. Department regularly organizes various activities including Ewing lecture series and competitions under the aegis of Physics society. Indian Association of Physics Teachers (IAPT) has selected the department as a centre for prestigious National Graduate Physics Examination (NGPE). The department has made a remarkable progress on academic and related fronts.

Faculty and other details of the Department are available on the College website.

Centre for Biophysics and Bioinformatics

Centre for Biophysics & Bioinformatics is an interdisciplinary centre which implements an extensive multidisciplinary education to strengthen students' employability in accordance with global standards.

Faculty and other details of the Department are available on the College website.

Center for Computer Application

This centre was established on 5th August, 1996 as a centre of excellence in the field of computer education. The centre offers a specialized B.Sc. programme combined with Physics and Mathematics (PCAM) with a focus on core areas such as digital computing, software development, e-learning, hardware maintenance, software project management and research. The Centre has facilitated the students with latest training techniques and tools. Lecture theatres are equipped with multimedia projectors and smart boards. Software laboratories are equipped with latest desktop PCs and multimedia projectors. Two software labs and one computer hardware lab facilitate the students to learn on a hassle-free environment. All the systems are supported with online UPSs.

The faculty members are well qualified with profound experience and stay abreast of the latest computing technologies and research. They regularly mentor the students in practical skills and research methodologies. A departmental library is also functioning for fulfilling the knowledge requirements of computer science students. It is well-stocked having more than 2500 books on various computing subjects. The centre regularly organizes seminars, guest lectures, and co-curricular activities to enhance student learning and engagement.

Faculty and other details of the Department are available on the College website.

Department of Electronics

Centre for Electronics started in session 1994-95 in Physics building with teaching of 'Electronic Equipment Maintenance' as vocational subject under the leadership of Dr. K. P. Tewari. Dr. Awadhesh Kumar Singh, who was associated from the very beginning of the course, took charge as coordinator in 1996. Several academic & infrastructural upgrades have taken place and the present subject title is 'Electronics'. This is one of the subjects in B.Sc. PEM (Physics, Electronics, and Mathematics) stream. Presently the Coordinator of center for electronics is Prof. A.K. Pathak & the Incharge of center for electronics is Mr. S.K. Chirra.

The course is based on strong theoretical and practical coursework with emphasis on application and practical training which leads the students in the following fields/areas (Thrust Areas):

- a) Fundamentals of Electronics
- b) Chip Designing
- c) Communication
- d) Networking
- e) Robotics
- f) Automatic Control System
- g) Radio Frequency
- h) Antenna Design

Faculty and other details of the Department are available on the College website.

Department of Mathematics

Mathematics teaching at Ewing Christian College traces its roots back to 1950 when it began at the graduate level under the headship of Prof. S. Bose, alongside with specialization Physics, Chemistry, and Mathematics (PCM). In 1970, the department expanded its offerings with specializations in Physics, Statistics, Mathematics (PSM) and Economics, Statistics, Mathematics (ESM) at the graduation level. Upon attaining autonomy in 1994, two self-financed programs, Physics, Electronics, Mathematics (PEM) and Physics, Computer Application, Mathematics (PCAM), were introduced in 1995-1996.

The transition to the Semester System for all undergraduate programs took place in 2014, followed by the implementation of the Choice Based Credit System (CBCS) from the 2016-17 academic session. In 2016, postgraduate teaching commenced under the CBCS System, and a new self-financed program at the undergraduate level specializing in Physics, Biophysics, and Mathematics was introduced. The department is now gearing up to launch a Doctoral Programme in Mathematics in the near future.

Faculty and other details of the Department are available on the College website.

Department of Statistics

The Department of Statistics traces its origins to July 1970, when Statistics was introduced under the Department of Mathematics, guided by Prof. Jacob Masih. A year later, the arrival of Prof. I.D. Dhariyal—later affiliated with IIT Kanpur—led to the department being renamed the *Department of Mathematics and Statistics*. Over time, renowned scholars like Prof. S.K. Bhargava (RBI, 1976), Prof. B.K. Taneja (USA, 1978), Prof. Amitabh Lal Das (Retd. I.A.S.), and Prof. Kuldeep Kumar (Bond University, Australia) contributed to its growth.

On May 5, 2001, the *Department of Statistics* became an independent entity under Dr. Santosh Kumar (retired 2018) and Dr. Randhir Singh (retired 2024). Since then, it has focused on academic excellence in statistical education and research, supported by a strong curriculum and impactful contributions from faculty and alumni.

Vision:

“To become a leading Department of Statistics, known for its excellence in teaching, research, and application of statistical methods, and to produce skilled and knowledgeable statisticians who contribute to evidence-based decision making in various fields.”

Faculty and other details of the Department are available on the College website.

Department of Zoology

Established in 1951 under the able leadership of Mr. V. R. Jha. The aim of the department is to provide a deep understanding of the structure, classification, behavior, genetics and evolution of animals on this earth. It provides quality education and inculcates the spirit of resource conservation and love for nature. Aiming to motivate the students for self-employment in various applied branches of Zoology. It imparts value-based knowledge and provides opportunities for professional and personal development through curricular and co-curricular activities.

Faculty and other details of the Department are available on the College website.

Bachelor of Commerce (B.Com.)

The department aims to empower students with all the knowledge and guidance that they need to become worthy management professionals by focusing on learning through doing. It imparts value framework that is global yet national, providing for holistic and value-based development of students which ultimately enhances their employability. It strives to develop social consciousness among students and develops the capability to carve a niche for ourselves in the specialized field of commerce and management.

Faculty and other details of the Department are available on the College website.

Bachelor of Computer Application (BCA)

Bachelor of Computer Application [BCA] was started in, 2016 as a center of excellence in Computer Application area. Our goal as a Department is to equip our students with the skills and mind-set to thrive to become successful. Faculty members educate all students to enable them to reach and expand their potential. The Department is committed to provide excellence in teaching. It has a rich knowledge pool of well-trained faculty and a modern computer lab enabled to impart all required knowledge, along with its own library with latest books on various advanced areas in computers. Regular hands on workshops are conducted to update students with the latest technology.

Faculty and other details of the Department are available on the College website.

Department of Teacher Education (B.Ed.)

B.Ed. was launched in the year 2003 with a vision to establish a Teachers Training Institution of Excellence with stress on Modern Information and Communication Techniques, so that the student teacher coming out of this college may be fully geared to exploit the modern sources of information and knowledge delivery systems. Within short span of its existence, the department has held a National Seminar and in recognition of its academic excellence, IGNOU has selected it for its Study Center for Distance Mode of B.Ed Programme. This Course is Approved by National Council of Teachers Education (NCTE) vide its Letter No. F.NRC NCTE/F-3/UP-775/2003/5/29 Dated:23-10-2003 and the Degree is awarded by the University of Allahabad, Allahabad.

Faculty and other details of the Department are available on the College website.

UNDERGRADUATE DEGREE PROGRAMME

The College is running B.A. /B. Sc./B. Com./B.C.A. courses. The courses offered are

BACHELOR OF ARTS (B.A.):

Students can opt any three subjects from the following mentioned subjects:

SUBJECTS	SEATS	SUBJECTS	SEATS
Ancient History	240	Physical Education	50
Economics	240	Political Science	160
Education	240	Psychology	110
English	260	Sanskrit	160
Geography	110	Urdu	50
Hindi	240	Mathematics	40
Medieval History	160	Statistics	40
Philosophy	160	-	-

Important Instructions for Subject Selection for B.A. Course:

1. Mathematics and Statistics will be allowed only with Economics (For those students who have studied Mathematics in class XII)
2. Not more than two literatures can be opted from among English or Hindi or Urdu or Sanskrit.
3. The students can opt for either Medieval History or Ancient History.
4. Students of B.A. cannot opt for more than one subject with practical and may therefore opt for either Geography or Psychology or Physical Education.
5. Physical Education shall remain unavailable to candidates with Physically Disability.

BACHELOR OF SCIENCE (B. Sc.):

SUBJECT COMBINATIONS			
BIOLOGY STREAM		MATHEMATICS STREAM	
COMBINATION	SEATS	COMBINATION	SEATS
Botany, Zoology, Chemistry (BZC)	200	Physics, Chemistry, Mathematics (PCM)	240
Botany, Biotechnology, Chemistry (BBTC)	40	Physics, Statics, Mathematics (PSM)	60
Botany, Microbiology, Zoology (BMBZ)	60	Physics, Electronics, Mathematics (PEM)	60
-	-	Physics, Computer Application, Mathematics (PCAM)	60
-	-	Physics, Biophysics & Bioinformatics, Mathematics (PBPM)	60

SELF-FINANCED DEGREE COURSES

BACHELOR OF COMMERCE (B. Com.):

Overview: The Bachelor of Commerce (B. Com.) is a comprehensive four-year undergraduate program tailored for individuals with aspirations in commerce, accounting, finance, and related disciplines.

Eligibility: Prospective candidates are required to have completed their 10+2 education or its equivalent, preferably with a background in commerce, although students from diverse academic backgrounds are encouraged to apply.

Curriculum: The B. Com. Syllabus encompasses a wide array of subjects including GST, Income tax, Banking, Marketing, Financial Law, Economics, and Accounts, laying a robust foundation in commerce-related fields.

Skills Developed: The program cultivates essential skills and Business ethics such as mathematical acumen, logical reasoning, analytical prowess, and collaborative teamwork making graduates versatile and adaptable to different career paths.

Career Prospects: Graduates can explore careers such as Financial Analyst, Digital Marketing, Sales Manager, Auditor, Banker, Consultant, Finance Manager, and Accountant, with starting salaries usually between INR 3-6 LPA. They may also find opportunities in government agencies and public sector organizations.

Further Education: Upon completing the program, students can pursue advanced professional courses such as M.COM, Law, CPA, CFP, CA, CS, CMA, or an MBA to enhance their qualifications and expand their earning potential. Additionally, they can pursue a postgraduate diploma in Finance, Banking, and HR.

Global Recognition: The B. Com. Degree is widely esteemed and recognized on a global scale opening doors to diverse international career opportunities.

Ewing Christian College has been offering a full-time B. Com. Degree program spanning six semesters within a semester system pattern that incorporates the Choice Based Credit System (CHCS) since academic session 2016-17, aligning with these principles.

From the Academic session 2025-26, the Ewing Christian College will be incorporating the National Education Policy (NEP) and will now be offering a Four Year Full time B.Com Degree program spanning eight semesters within a semester system pattern.

Number of Seats: 150

Eligibility: Students of any discipline (Commerce, Science, Biotechnology, Environmental Studies or Environmental Science.) at 10+2 level.

BACHELOR OF COMPUTER APPLICATION (B.C.A.):

The IT Industry often requires professionals with skills in Computer Application and Software development. The B.C.A. programme of College enhance students' employability by equipping them with skills and knowledge. Ewing Christian College is offering full time B.C.A. programme of three years in Semester System (Six Semesters) with Choice Base Credit System since the Session 2016 – 2027.

Total Number of Seats	60
Eligibility	Students having MATHEMATICS at 10+2 level

CERTIFICATE COURSES

(These are mandatory courses)

Immense job opportunities are now available for young men and women after graduation, provided they come up to the requirements of the job provider working at the global level. Unfortunately, graduates of our region are pathetically way behind in basic skills required as compared to the industry standard. As educators it is our prime responsibility to provide our students such educational programs, which will develop the industry required basic skill in them, thereby making them more market worthy.

Ewing Christian College, as an Autonomous Constituent College of Allahabad University has initiated measures at all levels to provide necessary infrastructure and environment for serious pursuit to remove this deficiency in the educational program. With a view to add value to the degree program at the undergraduate level, the College now offers following Certificate programs of 2 Credits compulsorily for the students taking admission in the College:

(A) Ability Enhancement Compulsory Courses (AECC): For Semesters 1 and 2

- Spoken English and Personality Development: (Semester I for BA, B. Com. and Semester II for B.Sc. Students)
- Environmental Studies: (Semester I for B.Sc. and Semester II for B.A., B. Com. Students)

(B) Skill Enhancement Courses (SEC): For semesters 3, 4, 5 & 6

- Computer Awareness Program (In Semester 3 for B.A/ B. Sc./B. Com. Students)
- General Awareness and Mental Ability (In Semester 4 for B.Sc. students)
- General Science and Mental Aptitude (In Semester 4 for all B.A., B. Com. students)
- Research Methodology/Travel and Tourism (In Semester 5 for all B.A., B.Sc. & B. Com. students)
- Subject specific SEC as approved by the Academic Board (In Semester 6)

FEE STRUCTURE FOR UNDERGRADUATE PROGRAMMES

(Course Fee payable at the time of Admission)

Detailed Fee Structure will be posted on College Website <https://www.ecc.ac.in> in due course of time.

COLLEGE REFUND POLICY:

- Before beginning of classes, 90% of fees will be refunded.
- Within one week of beginning classes, 75% of fees will be refunded.

4. Only candidates will be allowed to enter the premises.

CATEGORIES

PRIVILEGE MARKS FOR UG ADMISSIONS:

The following categories of candidates are entitled for privilege marks. No candidate will be automatically entitled to privilege marks unless he/she claims for them and has submitted the required documents along with his/her application form. No request for privilege marks will be considered once the candidate has been registered for admission to the Entrance Test.

Candidates should mention only one category and attach a copy of the certificate supporting the category (for 02-07 only). False claim may lead to disqualification of a candidate. If more than one category has been mentioned, the candidate will be considered under the general category even though supporting certificate has been attached. Candidates can claim advantage under only one category.

If the applicant does not come under the categories 02 – 07, he/she should write “General” (01) in the category box.

CATEGORIES:

01. **General:** All applicants except those claiming privilege under categories 02 to 07.
02. **Church Sponsored:** All candidates who are baptized and are bonafide members of a Church shall be considered as Christian and as such Church sponsored candidates. Church sponsored candidates will be admitted in the College, irrespective of the merit earned by them in the entrance test / CUET – 2025 score and the year of passing intermediate/qualifying examination, provided they appear in the entrance test and score minimum marks/fill the admission form within the stipulated date. In order to be considered for selection, a Christian applicant must upload his/her Church Membership Letter signed by the Pastor/Presbyter of the Church that the applicant is bonafide member of the Church, that the applicant and/or his/her parents are members in good standing. Such certification should be done by the Presbyter In-charge on the Official Letterhead of the Church.
03. **E.C.C. Employees’ Ward:** Son, daughter, real brother/sister, husband, wife of Ewing Christian College Staff and those of ex-staff members, who have put in at least 5 years of continuous service in the College will be admitted irrespective of the merit earned in the entrance test and year of passing of Intermediate/qualifying examination, provided they have appeared in the test and have scored certain minimum marks. The candidates must upload certificate endorsed by the Principal, ECC. Certificate (Form – G) is available on the College website www.ecc.ac.in.
04. **Sports & Games:** Only those applicants who have achieved the level of competence mentioned below and fulfill the All India Inter-University Competition eligibility criteria, in the last 3 years are eligible for admission under the Sports and Games category.
 - First, Second, Third position holders at the State Level competitions conducted by respective State Associations.
 - First, Second, Third position holders of University Zonal Competitions
 - First, Second, Third position holders at the C.B.S.E. cluster
 - First, Second, Third position holders at the K.V.S. regional
 - First, Second, Third position holders at the ICSE/ISC regional
 - First, Second, Third position holders at the Navodaya Vidhyalaya regional level competition
 - First, Second, Third position holders at the any State Board School competition at State Level
 - Position holders of National or International level competitions conducted by the concerned Federation/Association

The following Sports/Games will be considered under Sports Quota:

- All Sports and Games included in the All India Inter-University Sports and Games Competition Calendar.
- Candidates claiming admission under Sports and Games category must upload attested photocopies of their highest sports/game merit certificates of the last 3 years with the application form available on the College Website during admission.
- Candidates applying under Sports and Games Category will be called for an interview for verification of their original certificates by a special committee and in case of any false claim, their admission shall be cancelled. It is compulsory for all students admitted under sports and games category to participate actively in their respective sports and games in the College.

05. **Physically Challenged:** Physically Challenged candidates (with 40% or more disability certified by C.M.O. and verified by Admission Committee) may be admitted provided they have scored certain minimum marks in the Entrance Test. Not more than 5 candidates in this category will be admitted in each stream (Biology, Mathematics and Arts) on the basis of their merit in Entrance Test. It is necessary to mention the percentage of disability in the medical certificate signed by the C.M.O. A photocopy of the certificate must be uploaded.
06. **Alumni Ward:** Son, daughter, real brother/sister, husband, wife of the College alumnus/alumni (an alumnus/alumni will be defined as member of the College class who has graduated) who is registered as life member Alumni Association of the College will be given an additional advantage of 5 percent of marks obtained by him/her in the Entrance Test. This privilege is also extended to Part-III students who have taken life membership of the Alumni Association. The admission of such candidate must be endorsed by the Secretary of Alumni Association, ECC, before submission. Alumni Ward Certificate is available on the College website www.ecc.ac.in.
07. **N.C.C.:** N.C.C. Cadets who have received a 'B' certificate will be given an advantage of 5% of marks and those with certificate 'C' an advantage of 10% marks obtained by them in the Entrance Test for determining the merit. Please note that this concession will not be given to candidates who have not earned 'B' or 'C' certificates but want to join N.C.C. in the College in B.A. and B. Sc. A photocopy of the certificate must be uploaded.

DIPLOMA COURSE

DIPLOMA IN LABORATORY TECHNOLOGY (DLT):

It is a self-financed skill development course and open to the regular students of the College as well as students from other institution, who want to acquire knowledge and skill in Laboratory Technology. Classes are held in the evening to enable the students to take advantage of this Diploma program. The admission is done on the basis of merit earned in the Entrance test.

This Diploma program has been planned with the aim of training students in the field of Laboratory Technology for employment in various research laboratories, pharmaceutical companies, companies making diagnostic kits, nursing homes, hospitals, clinic, pathology and forensic laboratories etc. and develops entrepreneurship skills.

Course Outline of the Diploma Program:

The 2 years Diploma course is divided in two Halves. Mid Term Examination will be held at the middle of course.

Contents: 1. General Skills 2. Laboratory Instruments 3. Human Anatomy 4. Human Physiology
5. Biochemistry 6. Pathology & Microbiology

An attendance of 75% is compulsory to appear in the annual examination. In special circumstance it is permissible up to 60%.

- ✓ Marks obtained in supplementary examination will not be considered for the merit position.
- ✓ It may be noted that supplementary examination is only for those students who fail in one or more theory paper and practical examinations and not for improvement of marks.
- ✓ If candidate fails in supplementary examination, he/she will be allowed to reappear the following year in final examination.

Award of Diploma:

After successful completion of the programme, which includes compulsory apprenticeship of minimum one and a half month recognized scientific laboratories, pharmaceutical companies, hospitals, nursing homes or pathology centres, the student will be awarded diploma in 'Laboratory Technology' under the seal of Ewing Christian College Allahabad. A provisional certificate may be issued after the declaration of the results. Certificate for general awareness in Computer Application and Spoken English and Personality Development are also given along with the diploma certificate. Students who secure First, Second and Third position and obtain highest marks in practicals and highest percentage of attendance will be awarded certificate of honor etc.

Job Opportunities:

Diploma holders of this program have multiple employment opportunities in research and analytical laboratories, pharmaceutical companies, hospitals, dispensaries, clinics, nursing homes, etc. according to their hard work and cultivated skills. This diploma program is not recognized by U.P Medical Council or any other agencies. However, College, being Autonomous is authorized by the U.G.C. to run such diploma program. A government medical job may or may not be possible. Students after this program have better chances to get admission in higher technical institutions as well.
