All applicants are hereby requested to kindly read the following instructions to avoid any confusion.

All applicants who fill the admission form are deemed to have read and agreed with all the following instructions:

1. If the advisories issued by the State and/or Central Government do not permit transportation to and within the State of Uttar Pradesh, under such condition admissions to all UG, PG & all other courses will be done on the basis of merit list prepared on the basis of marks obtained in the previous examination.
2. An **applicant who has passed** the previous examination and is unable to upload due to any reason a copy of the final original pass mark sheet along with the admission application form, such applicants will also be given provisional admission with the condition to submit their final pass mark sheet on or before 30th November, 2021 or as per Government advisory failing which the admission of such applicants will stand cancelled with immediate effect. No further relaxation shall be given in this regard.
3. An **applicant who has got a compartment/supplementary** in any one or more subjects, such applicants, if admitted will be given provisional admission and will have to submit their final pass mark sheet on or before 30th November, 2021 or as per Government advisory failing which the admission of such applicants will stand cancelled with immediate effect. No further relaxation shall be given in this regard.
4. If an applicant duly admitted in the College withdraws his/her admission willingly, the fee of such candidates will be refunded (via NEFT or RTGS) as per College fee refund policy mentioned in the prospectus.
5. If the Board/University/Institution does not provide the final mark sheet and as a result of which the applicant is unable to submit his/her final pass mark sheet on or before 30th November, 2021 or as per Government advisory and whose admission is cancelled as result, the course fee of such applicants shall be refunded as per norms laid down and amended from time to time by the UGC & MHRD, Government of India.
6. In case the Post Graduate Admission Test (PGAT)/Personal Interview (PI) is not held due to the results of the B.A, B.Sc. program not being declared then students who have passed the previous year/previous semester will be able to register for admission and take **provisional admission**. They will be required to submit their **Results of passing** latest by 30-11-2021 or as per government advisory else their admissions will be cancelled.
7. The list of admitted students and waiting list if any will be duly posted on the College website for proper information to all the stake holders.

The candidates are advised to read the college prospectus carefully to avoid any confusion.

FOREWORD

Ewing Christian College Allahabad (a Christian minority institution of the church of North India), is an Autonomous Constituent Post Graduate College of the University of Allahabad. The College has always been taking the right initiative in the direction of improvement in the quality and content of the educational programs. The general education, professional education and skill based vocational education, within the framework of the semester system are fulfilling the requirements as per the Guidelines of the University Grants Commission and the directives of the Allahabad University.

We are once again geared up for the approaching Academic Session 2021-2022 with renewed vigor and encouragement. The College Staff and the Management, are working persistently towards improving both teaching and infrastructure.

The college regained Postgraduate status in 2016 and is successfully running Postgraduate programs in fourteen departments. It is preparing to launch the third PG batch this year.

The College got the required permission from the Allahabad University to enroll PhD students and many of the departments will be conducting the research program.

COLLEGE PROFILE

Ewing Christian College was founded in the year 1902 by Dr. Arthur H. Ewing, a missionary who was its first Principal. The College Campus is located on the Northern Bank of Jamuna River about 3 Km. away from the Sangam and about 4 Km. from the Railway Station. The College is a Christian Minority Educational Institution and governed by the Ewing Christian College Society, consisting of the Bishop of Lucknow Diocese of the Church of North India and other Indian Christian representatives.

Ewing Christian College is an Autonomous Constituent College of the University of Allahabad has been functioning as an Autonomous College of the University of Allahabad since 1994. The University Grants Commission (UGC) and the University of Allahabad, under the UGC Scheme of Autonomous Colleges have allowed the College to formulate its own courses of studies and evaluate its own students separately. The Degree is awarded by the University of Allahabad. The College faculty, therefore, after great deliberations and careful planning has developed courses of studies most appropriate under the prevailing circumstances.

Several self-financed vocational courses namely –Electronics, Computer Application, Biotechnology, Microbiology, Biophysics, B. Com., BCA have been permitted to run as Degree Programs of the Allahabad University. Several Diploma programs (Computer Programming and Software Applications, Laboratory Technology, Business Management and Administration, Leadership Development and Secretarial Practices) and some other compulsory Certificate Programs have been started to impart technical skills to students to procure middle-level jobs or to start their own business after first degree. The timings of these programs are such as to enable students of the College to enroll themselves without missing their classes.

Regular attendance (75%) in the class room has been made compulsory and Semester System of teaching and evaluation has been introduced in the College since the academic session 2014-15, with Choice-Based Credit System (CBCS). Entire College programs, thus, have been oriented towards maintaining high academic standards, acquisition of knowledge, skills and scientific temper rather than merely passing the examinations for a degree. The medium of instruction is mostly English in Science. Teaching in Arts Faculty is done both in English and Hindi.

The large eco-friendly campus, well-equipped laboratories, libraries, health centre, prolific gardens, daily Chapel services, games and sports and a host of other extra-curricular activities encourage students to develop a spirit of enquiry and enrich their lives meaningfully. A modern Gymnasium, Women Cell with counseling as one of its activities, Student Union and Cafeteria etc. provide excellent Student Support Services. Branch of Canara Bank is also present in the College Campus.

It is expected that students, seeking admission in this College will take admission, if selected, fully aware of its Minority and Autonomous Status, and will be more interested in acquiring knowledge and skills by regularly attending classes rather than merely for the purpose of passing the examinations for a Bachelor's Degree.

5. Physically Challenged students cannot opt for Physical Education.

Bachelor of Science (B. Sc.):

Three-subject combinations are on offer from the following subjects -

- Physics, Chemistry, Botany, Zoology, Mathematics, Statistics, (Government Aided)
- Electronics, Computer Application, Biotechnology, Biophysics and Microbiology (Self-financed)

Subject combinations available in Science:

In Biology Stream: Botany, Zoology, Chemistry (**BZC**), Botany, Biotechnology, Chemistry (**BBTC**), Botany, Microbiology, Zoology (**BMBZ**)

In Mathematics Stream

- | | |
|---|---|
| 1. Physics, Chemistry, Mathematics (PCM) | 2. Physics, Statistics, Mathematics (PSM) |
| 3. Physics, Electronics, Mathematics (PEM) | 4. Physics, Computer Application, Mathematics (PCAM) |
| 5. Physics, Biophysics, Mathematics (PBPM) | |

Note: The details of the self-financed undergraduate courses viz. Bachelor of Commerce (B.Com), and Bachelor of Computer Application (BCA) are provided under the Self-Financed programs below.

SELF-FINANCED DEGREE PROGRAMS

The College provides on campus facility for students to develop their vocational skills by offering job oriented degree courses like B. Com., BCA, and vocational subjects in Science and Arts Stream, as well as Compulsory Certificate Programs and Self-Financed Diploma and Post Graduate Diploma Programs which can be pursued simultaneously along with the degree program. Following programs/subjects are on self-financed basis.

1. Electronics 2. Biotechnology 3. Microbiology 4. Biophysics 5. Computer Application 6. Physical Education

Note: The vocational (Self-Financed) subject opted will have to be retained by the student up to Semester – VI. No student will be allowed to drop the vocational subject in Semester – V. All are approved Programs.

1. ELECTRONICS

Students of science (Mathematics Stream) have the option to offer Electronics as one of the subjects. The subject combination will be Physics (P), Electronics (E) and Mathematics (M) (**PEM**). The Department of Electronics has complete and sufficient infrastructure for carrying out theory, practical and project works. This subject offers very good prospects for jobs as well as for higher studies. It allows students to be directly benefitted at the post graduate level, as 'Electronics' is being treated as independent subject in many Universities.

Fee: Rs. 23,180.00 PER YEAR

2. BIOTECHNOLOGY (BT)

Students of Biology Stream have the option to study “**BIOTECHNOLOGY**” (BT). The combination shall be Botany (B), Biotechnology (BT) and Chemistry (C) (BBTC). Students passing out B.Sc. BBTC will have scope in various academic fields like Universities and Research labs. They will acquire skills which will enable them for self-employment and entrepreneurship.

Fee: Rs. 23,000.00 per year

BACHELOR OF VOCATION (B. Voc.)

It has been a long felt necessity to align higher education with the emerging needs of the economy so as to ensure that the graduates of higher education system have adequate knowledge and skills for employment and entrepreneurship. The higher education system has to incorporate the requirements of various industries in its curriculum, in an innovative and flexible manner while developing a holistic and well groomed graduate. Ministry of HRD, and Ministry of Finance, Government of India has issued a notification for National Skills Qualifications

Framework (NSQF). Under the National Skills Development Corporation, many Sector Skill Councils representing respective industries have/are being established. One of the mandates of Sector Skill Councils is to develop National Occupational Standards (NOSs) for various job roles in their respective industries. It is important to embed the competencies required for specific job roles in the higher education system for creating employable graduates. The University Grants Commission (UGC) has launched a scheme on skills development based higher education as part of college/university education, leading to Bachelor of Vocation (B. Voc.) degree with multiple exits such as Diploma/Advanced Diploma under the NSQF. The B. Voc. programme is focused on universities and colleges providing undergraduate studies which would also incorporate specific job roles and their NOSs along with broad based general education. This would enable the graduates completing B. Voc. to make a meaningful participation in accelerating India's economy by gaining appropriate employment, becoming entrepreneurs and creating appropriate knowledge.

In this connection Ewing Christian College was selected by the UGC to start two courses viz. Food Processing and IT & ITES under B. Voc. Scheme. The details of the programmes are as follows:

- **B.VOC. in FOOD PROCESSING**

Food Processing Industry is one of the major employment intensive segments and according to the latest Annual Survey of Industries (ASI), the total number of persons engaged in registered food processing sector is more than 18 lakhs.

This course is based on developing set of methods and techniques which can be used to transform raw materials into nutritious and safe food for consumption. Despite the fact that food processing industry in India is at developing stage, it offers exponential career opportunities to trained professionals in food processing.

The curriculum of the course has been designed in consultation with the Sector Skill Council i.e. Food Industry Capacity and Skill Initiative (FICSI), a National Partnership Organization that brings together academia, industry, labour and the government to address human resource gaps in Food Processing Industry. FICCI is a Food Processing Sector Skill Council (SSC) responsible for designing Qualification Packs (QPs) for different Food Processing related jobs. The Curriculum details include a suitable mix of general education and skill development which are designed for specific job roles in Food Processing industry. The course includes content which equip skill development component in the candidate. The candidate will be exposed to project work and on the job training in the industry as well.

It is a three year Degree program offering specialization in Fruit & Vegetable processing, Milk & Dairy products and Agro products processing in the first, second and third year respectively with exit levels after each year with Diploma /Advanced Diploma/ Degree.

JOB PROSPECTS: With aptitude to work and requisite skills one can find employment as

Research Scientists, Food Technologists, Food Engineers, Organic Chemists, Biochemists, and Analytical Chemists, Home Economists, Managers and accountants.

Leading food processing companies in India include: Amul, Godrej Industrial Limited, Dabur India Ltd., PepsiCo India Holdings, Nestle India Pvt. Ltd., Britannia Industries Ltd., Parle Products Pvt. Ltd. and many more with various MNC's as well.

INDUSTRY PARTNER

The Industrial partner of this course is Shyam Dairy Products Ltd., (Allahabad). It Shyam Dairy Products is a venture of the vibrant multifaceted Shyam Group. It is the largest Dairy in Eastern U.P. with a State-of- art-Infrastructure. It is both ISO 9001 as well as a HACCP certified Company. The Dairy's products are present in the Markets of Uttar Pradesh, Rajasthan, Delhi, Uttaranchal, Madhya Pradesh, Chhattisgarh, Bihar, Jharkhand, West Bengal and Assam. The Dairy's vast network involves over 50,000 farmers, 12000 Milk suppliers, more than 1,00,000 Retailers and Wholesalers. These cater to more than six lakh end users.

They will be supporting in training and placement programmes of students. Negotiations are going on for collaboration with more industrial partners.

ELIGIBILITY: A candidate must have passed 10+2 science examination with PCB/PCBM/PCM/10+2 Agriculture/ Home Science (Science Group) having scored not less than 50% marks (45% for SC & ST candidates) in aggregate with condition that candidate coming from different streams must take remedial courses as prescribed.

DURATION OF COURSE: 3 Years, of total Six Semester, [Each Semester is of 6 months]

ADMISSION PROCEDURE: Entrance Test, **SEATS: 50** **FEE: Rs. 43,000** (per year)

- **B.VOC. IN IT AND ITeS (Information Technology & Information Technology enabled Services)** (Hardware Maintenance, Networking and Security)

The B. Voc Degree in (IT & ITeS) (HMNS) (for "Hardware Maintenance, Networking and Security") is an undergraduate academic degree awarded for three-year studies. The course has multiple entry and exit points which increase the flexibility of the course.

The functions linked to hardware maintenance, network administration and IT Security have been diversified: if the risk management for IT systems is still reserved to highly qualified engineers [Information system security officers (ISSO)], there are more and more tasks involved by security program management: supervise and administer protecting tools is not necessarily the responsibility of an engineer, even though these tasks are vital for the security. The graduates will be trained for such duties. On successful completion of this programme, the candidate will be able to maintain computer hardware, administer and secure the networks and vital IT information. Moreover, they will know how to deploy appropriate practices and tools for assisting the design, implementation and evaluation of a secure IT environment.

JOB PROSPECTS: In IT sector

ELIGIBILITY: Candidate must have passed 10+2 science examination with PCM group having scored not less than 50% marks (45% for SC & ST candidates) in aggregate.

ADMISSION PROCEDURE : Entrance Test, **SEATS** : 50, **FEE** : Rs. 43,000.00 (per year)

COMPULSORY CERTIFICATE COURSES

Immense job opportunities are now available for young men and women after graduation, provided they measure up to the requirements of the job provider working at the global level. It is ironic that skilled manpower available is acutely short of number of job opportunities open. Unfortunately, graduate of our region are pathetically way behind in basic skills required as compared to the industry standard. As educators it is our prime responsibility to provide our students such educational programs, which will develop the industry required basic skill in them, thereby making them market worthy.

Ewing Christian College, as an Autonomous Constituent College of Allahabad University has initiated measures at all levels to provide necessary infrastructure and environment for serious pursuit to remove this deficiency in the educational program. With a view to add value to the degree program at the undergraduate level, the College now offers following Certificate programs of 2 Credits compulsorily for the students taking admission in the College:

Diploma in Bakery Technology (DBT)

Bakery products occupy a market size of nearly US \$ 455.2 Billion in year 2020 and is expected to grow at a CAGR of 4.3% during 2021-2026. In India, the market size of bakery products was estimated nearly US \$ 7.60 Billion in Year 2020 which is further estimated to grow at a CAGR of 8.5% between 2021 and 2026 to reach a value of US \$ 12.39 billion by 2026. Even after the impact of Covid – 19 in all business sectors, Global and Indian Bakery industries have reported this giant market size. Increasing consumption of ready-to-eat foods across the globe has established the bakery sector as a backbone of the food industry owing to hectic, modern and trendy lifestyle worldwide. Due to this reason, the sector is expected to fuel the product demand over the forecast years across the globe. In last few decades, bakery industry has developed in many aspects and major industries have shown their geographical presence to share and earn profit in the sector. In India, the increased rate of literacy and quality oriented market has raised the demand of good quality and variety of products, which has indirectly increased the demand for trained and skilled professionals along with a platinum opportunity of entrepreneurship development in the Industry/Sector who can utilize their creativity, knowledge, skills and expertise in either developing new or reforming the existing products in reference to health, nutrition and profit making too. Govt. of India is also expanding its support through various schemes at MSME's to develop entrepreneurs for "Self - reliant India" (Aatmanirbhar Bharat Abhiyaan). In view to the scenario The Centre for Food Processing, Ewing Christian College, Prayagraj, has analyzed the opportunity to fulfill the skill gap prevailing in the Indian Bakery industry and developing small entrepreneurs by developing trained and industry ready professionals by expanding its umbrella of Technical and Professional Education.
